**Helping Your Business
Grow with
Professional Development
Management**

Principal of **Hinterland Toyota Robina**, Mr. Tony Stark commented at the completion of the project: "Navigation One made the process of designing, constructing and delivering our new Robina facility **smooth and hassle free**. They assisted to ensure that we received a high quality building that was completed within our budget and on time. We were kept fully informed by the team throughout the 14 month project in a manner that **enabled me and my staff to continue to focus on our day-to-day business**. We are delighted with the outcome and have been impressed in the way Navigation One handled the project on our behalf."

We have gained considerable experience with the TMCA standards and have our own **cost-effective design** team available for each project

As **Development Manager** we can take your project from concept right through to a completed project

- Be involved as little or as much as you wish
- Allows you to focus on the business while we focus on the development / re-development / renovation
- Ensure the development complies with all TMCA and authority requirements
- Obtain all approvals, permits and applications
- Budget preparation and reporting
- Tendering for builder and construction management
- Financier liaison
- Energy efficiency and sustainability upgrades, TED assistance
